

LEARN CREED, W. R. C.'S AIM

Should Be Repeated Once
a Day, Department
Officials Say

Introduction of the American's creed into the city schools has been undertaken by the Women's Relief Corps of the G. A. R., says Mrs. Mary J. Van Patten of Ogden, department and corps patriotic instructor of the W. R. C.

Mrs. Van Patten said it is the aim of the corps to have the school children memorize the creed and repeat it at least once a day during school hours. It is suggested that the creed be repeated just before salute to the flag or the closing ceremonies of the day.

The American in the United States of America, as a government of the people, by the people, whose just powers are derived from the consent of the governed; a sovereign nation of many sovereign states; a perfect Union, one and inseparable, established upon those principles of freedom, equality, justice and humanity for which American patriots sacrificed their lives and fortunes.

I therefore believe it is my duty to my country to love it, to support its constitution; to obey its laws; to respect its flag; and to defend it against all enemies.

Strawberries on Sale Here, First of Spring Season

Strawberries, the hot house variety, a trifle pale but nevertheless delicious, appeared on the Ogden market this morning.

Thirty-three cents and upward is the price.

The lot was small and did not last long. It was said that shipments would continue from now on, more or less regularly, until the usual shipments pour in from California.

CHINESE EXAMINED AT COUNTY JAIL

Lee Yu, Chinese, who appealed to police officers upon his arrival from Portland, Ore., a few days ago for protection, declaring that other Chinese were following him and attempting to kill him, is being examined this afternoon by a board of physicians in the county building to determine his sanity. The Chinese last night became violent and butted his head against his cell wall. Today, however, he appeared rational and declared he was not insane.

UNIVERSITY DEAN ADDRESSES A. A. E.

Dr. Joseph F. Merrill, dean of the school of mines at the University of Utah, was the principal speaker at the weekly meeting of the Ogden chapter of the American Association of Engineers at the Weber club today.

Dr. Merrill congratulated the Ogden chapter on their progress in civic work.

He stated that the help of the engineers in city and state affairs was essential to success.

The engineering field qualifies one to be a leader in state, national and city affairs and a valuable asset to any community, he asserted.

President Williams announced that the next monthly membership dinner of the chamber of commerce would be held at the Berthana, April 28, and urged all of the engineers to be in attendance.

Cost of carrying goods from London to Birmingham in 1685 was about \$30 a ton.

FARM ACTIVITY IS OUTLINED

Junior Department of Bureau Organized at Pleasant View

Under the supervision of W. Preston Thomas, county agent, the junior department of the Pleasant View Farm Bureau was organized last night at Pleasant View.

Harold Ferrin was appointed as project leader. The officers elected were Rulon Budge, president; Grant Douglas, vice president; Earl Rhoads, secretary. Among the new members admitted were Floyd Berrett, Lloyd Berrett, Roy Clough, Lloyd Roylance and Max Wade.

The organization favored the taking up of poultry as one of the projects and the raising of calves as another.

In the poultry project each member is to purchase 100 chickens and look after the caring of them from the purchase through the care brooding and raising of young chicks. During the coming winter they are to each select 40 pullets and enter them in an egg laying contest.

In the calf project the youths are to purchase pure-bred calves and look after them, keeping accurate records of all work that is done.

They will be advised from time to time by Professor Byron Alder in the poultry project and Ben R. Eldredge in the raising and care of the calves.

CHECK ON SALE OF FROZEN ORANGES

Officers of the city board of health today declared they would begin a survey of stores this afternoon to determine whether or not frozen oranges were being sold here. The action will come as the result of numerous complaints that Ogden grocers have sold customers frozen oranges when they refused to take back when tendered. The practice is said to have been carried on for the last several weeks.

In its 56 square miles, Hawaii has three volcanoes and a lake of hot lava.

NUXATED IRON

If you are not strong or well you owe it to yourself to make the following test: see how long you can work or how far you can walk without becoming tired. Next take two five grain tablets of NUXATED IRON three times per day for two weeks. Then test your strength again and see how much you have gained. Many people have made this test and have been astonished at their increased strength, endurance and energy. Nuxated Iron is guaranteed to give satisfaction or money refunded. At all good druggists.

BEET FIELDS TO BE INSPECTED FOR PEST

Relative to the need of farmers determining before they plant beets whether their fields are infested with nematode, W. Preston Thomas has sent the following letter to the members of the Weber county farm bureau:

"We are pleased to advise that Gerald Thorne, our specialist on sugar beet nematode control, will visit sugar beet fields of the county where nematodes are suspected, before planting time and make an examination determining whether or not there are any nematodes in the field.

"Kindly notify your grovers of this opportunity to secure assistance and send the names of all those desiring the service to me at 218 Federal building, Ogden. This matter will have to be handled immediately owing to the fact that planting time is not far off."

MERRILL TALKS TO PLAIN CITY FARMERS

Principal A. M. Merrill of the Ogden high school was the principal speaker at the Parents-Teachers meeting at Plain City last night. He spoke on "Educational Requirements for Present Day Civilization."

More than 200 were in attendance.

GASOLINE EXPLOSION CAUSES SMALL FIRE

A shed in the rear of 519 Twenty-seventh street, belonging to S. H. Bingham was destroyed by fire yesterday following a gasoline explosion. Mr. Bingham was cleaning a silk dress, using gasoline. It is said, when the vapors became ignited, he was unhurt. The damage, which may reach \$100, is covered by insurance.

FUNERALS

Funeral services for Dan F. Givens were held at 2 o'clock yesterday at the Kirkendall chapel. Rev. F. H. McCully of the African Methodist church officiated. Burial was in the city cemetery.

WOMEN LEADERS OF COUNTY MEET HERE

The county project leaders of the women's section of the Weber County Farm bureau were to meet this afternoon at room 306 Federal building to attend a demonstration conducted by Miss Ellen Agren on the making of flowers for millinery and dress purposes.

The flowers are to be made of orrandle and trioleite line. Each of the project leaders make at least one flower after which it is expected that they will make the women of their community making of the flowers.

when baking

Add a quarter cup of milk to a cup of mashed potatoes, a chile cheese & an egg. Season and beat smooth. Bake ten minutes in muffin tins.
